Loving Solutions

A Parent's Guide to Raising Tough Kids, ages 5-10 years

Ralph "Bud" Fry
Dr. Roger H. Morgan

Loving Solutions is a parent-training program designed specifically for parents raising difficult younger children, ages 5-10 years. Also known as "Parent Project®, Jr.," this program utilizes the same principles found successful in Parent Project® Sr., adapted to the needs of younger children.

"Loving Solutions offers the ABC's of parenting young children: Appropriate, Brief, and Consistent techniques lead to 'D' and 'E'—delightful, effective parenting!"

- Gillian Wadsworth, Licensed Clinical Social Worker, City of Arca, CA

Using a behavioral model, Loving Solutions is structured based on cooperative learning norms with group learning activities in a workbook format to maximize both learning and interest. The "Steps of Success" (S.O.S.) home practice assignments help parents create a solid foundation for change.

"Loving Solutions is a concrete, concise resource for parents struggling to meet the needs of the strong-willed Elementary age child. The curriculum is simple, effective and fun to teach. Parents, schools and the community will thank you!"

- Gary Stanoff, Marriage and Family Therapist, City of Vacaville, CA

With a focus on positive home/school communication, home learning activities, and classroom behavior, Loving Solutions helps parents become actively involved in their child's education and helps set the stage for lifelong learning.

"Loving Solutions provides parents with solid, practical solutions."

-Jean Mirando, Marriage and Family Therapist
